- Each row details a specific complaint, including the reference number, date, time, issue, odour, and associated actions.
- The "Solution" column indicates the resolution status of the complaint.

---

**s.73 Irrelevant Information**

- The table contains data related to the site's operations, focusing on issues and odours reported by site visitors and staff.
- The data is used for internal operational reporting and regulatory compliance purposes.
- The information is structured in a tabular format for ease of analysis and tracking.

**S.73 Irrelevant Information**

- The incident description includes irrelevant information.
- The action taken is noted, but the response time is not specified.

---

**Notes:**
- The incident report includes multiple instances of the same nature and odour, indicating a regular occurrence.
- The location and address details are consistent across reports.
- The incident is noted as done orngoing, suggesting an ongoing or unresolved issue.

---

**RTI Act 2009:**

- The document is formatted as a table with columns for date, time, area, nature, odour, incident description, action taken, and response time.
